

Area 3 Report- November 2015

Highlights

In December, 2015, our Kenmore club will celebrate their 90th anniversary. Our entire area congratulates them on this milestone. Other than that, the most encouraging thing to report from Area 3 is that all of the clubs are actively involved in the 16 days of Activism with everything from websites to displays at local public venues, gifting various sundries to local women's shelters, to turning Niagara Falls orange. The most dramatic thing that has happened for our area is that the St Catharines nominee for the Klausman award was selected as the District winner. We are proud that each of the clubs has been involved in a considerable number of fundraising events and as a result has been able to donate to international and local projects thereby empowering hundreds of women through western New York and southern Ontario and around the world.

Challenges

We are fortunate that most of our clubs are retaining their membership but each is anxious to add to their numbers. That will allow greater opportunities for advocacy as well as increased monies to support our causes.
