

## **DISTRICT AMBASSADORS REPORT**

We continue to encourage members and clubs to contribute to the International Projects and scholarships.

At the Fall Conference in Pittsburgh, the participants received updates on clubs who have had all of their members contribute and where District 4 is in comparison to other districts. Successful clubs will be recognized at Convention this summer in Orlando and will have met International President, Lynn McKenzie's challenge. We forwarded \$3705 to International from the generosity of many of our members.

As well, the Amelia Earhart scholarship fund had approximately \$5400 forwarded from the Zontians and friends who cruised the Greek Isles in October.

Clubs are reminded that it is suggested that one-third of their fundraising should be forwarded to International.

Both of us are willing to attend club meetings and make a presentation on the status of the International Projects and scholarship funds. Please call us!
