

DISTRICT 4 LAA (CANADA) REPORT FOR THE JANUARY BOARD MEETING

Since my last report at the District Conference I have continued to do the monthly infomercials. These are sent to Clubs and some District Board members in the U.S. They are also sent to Zonta Clubs across Canada.

This past week I was at the Zonta Club of St. Catharines to speak on Legislative Awareness and Advocacy. There were 12 members in attendance and we discussed numerous ideas re LAA. As well, we covered the history of women's rights in Canada.

Earlier this year articles by the Zontians involved with three LAA projects were submitted to our International LAA Chair. Two of these articles have been published in the International newsletter and I hope the third one will be published in the next one. There is particular interest in LAA projects concerning the environment for the next newsletter and this information has been conveyed through an infomercial.

I continue to monitor Womanenews for articles of interest as well as other publications such as the reports from the Canadian Centre for Policy Alternatives.

Connie Deckert
District 4 LAA Co-Chair (Canada)
Zonta Club of Kitchener-Waterloo
