

My Z club report--Jan. 2014

I started out in Sept, visiting clubs and telling them the news from the Dist. 4 conference but could not visit all of them --am still working on it . I was called in to Fletchers Meadow SS to help to begin a new club there . Three women were working with these students and I talked to them but they had not yet organized --invited me back twice but cancelled every time .They lost their lead teacher (pregnancy leave) and also their principal (to Streetsville). I will try to get them going soon.

I am also working with St.Roch, Cardinal Ambrozic and Holy name of Mary schools as well as the chartered ones I could not get to in the fall.

The club at Central Peel is very large--also the one at Chinguacousy. Chinguacousy has asked to host the mini conference in March (6th). We will be planning this soon.

In Dist. I will charter a Golden Z club at MacMaster Univ. on Feb.6. I have also met with some Waterloo Zontians to try for a Golden club there soon.

I have telephoned all the chartered clubs but have had few replies--must visit.

Shirley
