

Report from the United Nations Chairperson – January 21, 2012

Due to the short time period since our last report in November, I have received 2 invitations to speak at Zonta Clubs in our District: Hamilton 11 – March 19 (changed from an earlier date) and Geneva in May ( no specific date has been arranged as yet).

In the last email newsletter from Zonta International, there were new updates for two International programs from Zonta International: 1) Safe Cities Success Story and 2) A Rwanda Project update.

As mentioned at our last meeting, I will be in contact with the League of Women Voters of New York for possible plans for a United Nations Excursion for District 4 in the fall.

In conclusion, I would like to remind Area Directors to remind clubs in their areas that if their clubs are interested I would be willing to come to their clubs to speak about the United Nations and Zonta International

Respectfully Submitted,

Joanne Raymond
