

Here is my report for the Z/Golden Z clubs in Canada

We have been working very hard with the present Z clubs in Brampton -8 working well, 5 in transition and 3 inactive but with contacts. This year we have 2 former Z club students in 2nd year at college coming back to assist Z clubs with their service projects. These 2 have also been able to start a new Golden Z club at Guelph/Humber college. We have had meetings and are waiting for approval from the Toronto Zonta club to continue and go for a charter. We have sent away for a charter for the Lincoln M. Alexander SS in Malton, a new one for the Mississauga Zonta E club and this week I will have the paperwork completed for a charter for 2 new clubs in Brampton; Fletchers MeadowSS and Sandalwood Hts .SS. We expect these to be chartered at the Mini-conference on March 10th.

I have been to Guelph and have had a good productive visit with the club leader at John. F. Ross SS there. The club at Centennial SS folded last year. Brampton gives an award called "Project Achieve award "to a Gr.11 student who excels in the field of science. i have presented many this year and made many new contacts.

As you know, we were able to send 3 students to Dist.4 conference and they are enthusiastic leaders in their clubs with renewed energy.

We have gained new teacher leaders for 3 of our clubs and they are working well.

I have drafted a new document for Zontians who work with Z clubs called a yearly timetable. It is on trial in the field --will be reviewed in Nov. at our committee meeting and if approved will be shared throughout the District.

Respectfully submitted,

Shirley Ellison
